Principal's Message

Our 26-acre rural campus is located in the northern Sierra Nevada, 22 miles from Oroville. Pioneer Union Elementary School District (PUESD) was created in 1962 when Berry Creek Elementary School and Bald Rock School were combined. Unfortunately, on September 8, 2020 Berry Creek Elementary School burned to the ground in the North Complex Fire. The school/district temporarily relocated to Bangor Union Elementary School District in Bangor and intends to rebuild in the next year. The district continues to provide a TK-8 educational program. Butte County Office of Education operates an after-school program.

The Berry Creek families and school staff believe in educating the whole child. The staff and the board of trustees take pride in helping our children to grow academically, socially and emotionally. We look forward to integrating the latest educational programs, like the State Standards, Smarter Balanced Assessments, Technological Skills and Career Connected Instruction, in order to prepare our students for future successes in life. We expect students to be actively involved in, enthusiastic about, and responsible for their own learning. We strive to produce a safe and challenging environment where students develop competitive and cooperative skills with a high sense of self-respect.

Berry Creek Elementary adopted two goals in creating a Local Control Accountability Plan (LCAP). Goal one is focused on using a Multi-Tiered System of Support with multiple forms of data which will guide instruction to improve academic outcomes for all students. Goal two on ensuring a safe clean and welcoming environment that is inviting to all. PUEESD will engage families and community members to seek input in decision-making, and increase parental participation and attendance at all school functions including virtual offers. The Local Control Funding Formula (LCFF) designates the fund distribution to support implementation of these goals. Staff, students, school board, parents and community members review the LCAP and LCFF on a yearly basis.

Parental Involvement

The Parents Advisory Group president ensures that the following three parent-involvement practices are implemented at PUEESD, which includes Berry Creek Elementary School. These practices are:

Volunteering: Recruit and organize parent or family help and support for school projects and provide appropriate training and instruction and support roles at the school and in other locations that help the school and students reach goals, objectives, and standards.

Parenting: Help all families establish environments to support children as students by assisting in developing parenting skills to meet their basic obligations of family life as well as to foster conditions at home, which emphasize the importance of education and learning.

Learning at home: Provide parents with strategies and techniques for assisting their children with learning activities at home that support and extend the school's instructional program.

In addition, Berry Creek School operates an active parent club that meets once a month. Parents are also actively involved in the decision-making processes at the school through groups such as the School Site Council and LCAP strategic meetings.

For more information on how to become involved, contact the school at (530) 589-1633.

School Safety

Berry Creek School has established high standards that are adhered to that promote safety for the entire school community. A school safety plan was written in 1996 and rewritten in 2011 and provides a comprehensive plan on various school safety issues. Periodic assessments are conducted as the staff and community express safety concerns. The plan addresses campus evacuation in case of forest fires, safe egress onto campus, fire drills, as well as addressing concerns about threats to students and personnel. We believe that it is important that all parents feel their student is safe at school, and that all students feel safe at their school. The school safety plan was last reviewed, updated and discussed with school faculty in October 2022. The safety plan is posted in all rooms of the school.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Mission Statement

It is our Mission to achieve excellence by:

- Providing a safe, clean & well-maintained school environment
- Promoting parent & community involvement
- Promoting high expectations of each individual
- Teaching a valuable and meaningful curriculum
- Encouraging life-long learning
- Preparing students to be responsible, productive citizens

Vision Statement

The vision of the Berry Creek School community is to produce students who are motivated to be lifelong learners and capable of setting clear educational and personal goals. With the support of the community and parents, our students will graduate with the necessary academic and social skills to achieve these goals.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Grade	Number of Classrooms by Size								
	2019-20			2020-21			2021-22

Expulsion rates	0.0%	0.0%	0.0%	0.0%	0.1%	0.1%

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table shows the school, district, and state suspension and expulsion rates collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in ELA and Mathematics for All Students

The table below shows the percent of students meeting or exceeding the State standards on the California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments and California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics for grades 3-8 and 11.

Percentage of Students Meeting or Exceeding State Standard					Two-Year Data

Mathematics	*	24%	*	24%	*	33%

❖ Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Facilities

Berry Creek School was built in 1983 and consisted of a multipurpose room, three classrooms and a library. Since that time, five portable buildings were added. The school had separate large paved play areas for the older and younger students. There is also a large playing field. The school had three computer labs. One was located in the library and the others in the classrooms.

All buildings at Pioneer Union Elementary School District and Berry Creek Elementary were destroyed during the September 8, 2020 Bear Fire/North Complex Fire. The district is currently working with FEMA and insurance to rebuild.

The Pioneer Union Elementary School District is committed to maintaining clean and safe school facilities. The board of education has adopted cleaning standards for all schools in the district. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. District maintenance workers ensure that the repairs necessary to keep the school in safe repair and working order are completed in a timely manner. Emergency repairs are given the highest priority. All classrooms, restrooms and common areas are in good repair.

The highest priority for ground maintenance is the safety of the playground areas. All play equipment is kept in good repair and meet high safety standards.

Teachers are also charged with the duty of bringing any unsafe or unsanitary conditions to the attention of the site administrator and the maintenance supervisor.

Berry Creek’s School day begins at 8:10 a.m. and ends at 2:30 p.m.

Two adults are assigned yard duty and cafeteria duty daily at each recess, breakfast and lunch period. The afterschool program and the principal provide after-school supervision. All staff receives CPR/first-aid training every other year.

Types of Services Funded

The Pioneer Union Elementary School District receives funding from a variety of sources. Title I funds are used for improvement of student achievement in reading, math and language arts. Technology-grant monies are used to purchase computer products and provide for staff development. The district receives class-size reduction money from the state. Title V funds are used for staff development. The district also receives Title VII funds to support Native American education.

Professional Development

Time is set aside weekly for staff development. Teachers may also receive release time to participate in seminars and workshops. Professional-development goals are determined by the administration and the teachers and are based on data-driven decisions and information.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

** Data not available from the state at this time.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdf201.asp>.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

This table displays the number of authorization/assignments of teachers as well as the total number of teachers without credentials and misassignments at the school level. For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of January 2023.
