During the After-School Program (ASP) your students are offered a healthy snack and a variety of rotating, hands-on activities. These activities include but are not limited to homework assistance, enrichment instruction, and recreational games. Our ASP staff provides a safe, fun, and positive environment where your students will have the opportunity to grow both academically and socially!

As a friendly reminder, the ASP, like regular day, has high expectations for student behavior. If your student receives a "Behavioral Referral" please sign and return to ASP. On the third "Behavioral Referral," the parent/guardian will be notified and your student will be suspended from the program for up to two weeks. Please review the school the school rules and the consequences with your student. This will make for an enriching and exciting after school experience for everyone.
