2020 U.S. Census

The census is a count of all people living in the U.S. and takes place every 10 years. It is simple and confidential to complete. It will ask questions about your household such as how many people reside in your home, date of birth, race, and sex. Here are some things you should know:

Your identity remains anonymous. Any personal information you provide on the census form is protected by law and cannot be shared with anyone or any other federal agency. Regardless of your immigration status, the information cannot be used against you or to invade the privacy of you or any members of your family.

The Census is important. The Census is important because it helps to decide how much federal money our schools will get over the next ten years, and how much money our state will get for our parks, neighborhood improvements, public health, transportation, and many other programs and services.

The Census is safe. All the data collected through the census is protected under Title 13 of the U.S. Code. Records are confidential for 72 years by law. All U.S. Census Bureau employees swear a lifetime oath to protect respondent information. The U.S. Census will never share a respondent's personal information with other government agencies. Data is only released in summary tables; no individual records are released. The penalty for wrongful disclosure is up to 5 years imprisonment and/or a fine of \$250,000.

Your kids count, so make sure to count them when you fill out the census form in Spring 2020!

Make sure to utilize our ***Parent Portal***. It is a great way to keep up to date with how your child is doing in school.

HOW TO SET UP SCHOOLWISE PARENT PORTAL ACCOUNTS

- 1.) Go to pioneer.schoolwise.com
- 2.) Click on Parent Signup Button
- 3.) Click on Request Activation Code
- 4.) complete the requested information
- 5.) an activation code will be emailed to you

This is intended to give parents the opportunity to track students grades, assignments and even update contact information.

Another thing we are doing to help keep our students, parents, and teachers all on the same page and working together, are the calls home when students do not complete their homework or reading logs. Our hope is that parents will continue to encourage hard work and excellence in their student's efforts for school and education. Together, as a team, we can help our loved ones succeed in their life and have a bright and happy future.

After School Program

March 15th is our VEX tournament. Please contact me if you have any questions. Information will be sent out next week.

As a reminder, you will be asked to present ID when picking up a student if staff are not familiar with your identity. This is to ensure that students are going with a permitted adult and getting home safely!

Our after school site is in the process of becoming a Healthy Behaviors Site! This means that we are choosing healthier options for snacks and physical education. This is a 2 year program with a goal that students will be able to form habits of choosing healthier foods and actively participating in regular physical activity. We need donations from the community and/or parents to achieve this. We have already made progress by not rewarding with candy, and not eating high sugary snacks. Donations are appreciated, especially fruit.

Please make sure that your student brings all of their supplies to the After School Program so that they can complete their homework. I give all students 1 hour for homework. If they do not bring it or they do not do it, there will be a paper from me explaining why. If you are concerned about your student not finishing their homework in the After School Program, you can call me or make an appointment to discuss your student's homework patterns. I am available M, T, TH, F from 1:15-5:30 and Wednesdays 12:30-5:30. Thank You!
